Mono Lake Committee Scholarship 2017: Personal essay question

This is a different kind of essay application! There are three parts:

1. Get yourself down to Mono Lake, close to the shoreline. You will need to take some time (at least 15 minutes) to be outside with no distractions. Be sure to be prepared for the elements, and to give yourself enough time to both experience the place and to write your thoughts down. This should be fun, and easy! Find a comfortable place along the shore where you can sit for a while and use your senses to take in your surroundings.
2. In a notebook (or your writing implement of choice) jot down what you see, hear, smell, and feel around you. Then reflect on this question: Why do places like Mono Lake matter?
3. Take your notes and craft a 300–500 word essay on your experience.

There is no right answer for this essay. We would like to know what you see, hear, smell, and feel around you, and what this place makes you think about when you have a quiet moment to listen to your thoughts.
