### **For Immediate Release**

The Mono Lake Committee is proud to present Wilderness Light, a fine art photographic exhibition by Claude Fiddler, to be shown from May 8 through October 31 in the Information Center & Bookstore in Lee Vining.

Claude has long been lauded as a master of 4 x 5 large format photography, his images from the Great Basin and the Sierra Mountains garnering him international acclaim. Referred to as “a latter-day Ansel Adams” Claude’s photographs speak eloquently of his search for the ephemeral concepts of mood and lighting, and reflect his enduring commitment to technical and compositional mastery.

Meet Claude on Friday June 18<sup>th</sup> for an artist’s reception from 2-3pm at the Mono Lake Committee during the Mono Basin Bird Chautauqua. Call the

Mono Lake Committee at (760) 647-6595 for more information on this exciting show.

*The Mono Lake Committee is a nonprofit citizens' group dedicated to protecting and restoring the Mono Basin ecosystem, educating the public about Mono Lake and the impacts on the environment of excessive water use, and promoting cooperative solutions that protect Mono Lake and meet real water needs without transferring environmental problems to other areas. It is celebrating its 20th anniversary this year.*
