

# 2015 Mono Lake Committee **ANNUAL REPORT**

---

# FROM THE EXECUTIVE DIRECTOR AND CHAIR OF THE BOARD

Fall 2015

In 2014 we celebrated the 20<sup>th</sup> Anniversary of State Water Board Decision 1631, often referred to as the decision to “Save Mono Lake.” From *Newsletter* articles to the *Mono Lake Calendar* essay to the Mono at 20 Symposium to special celebrations with members at the Defense Trust Weekend, we honored this important milestone and anniversary thoroughly.

And really the way we honor “D1631” is through our ongoing work in protection, restoration, education, and scientific research at Mono Lake every single day. We would like nothing more than to be able to announce, 20 years after the decision, a lake level closer than ever to the ecologically sound management level of 6392 feet above sea level. Unfortunately due to the drought this isn’t the case, but what we know is that without D1631 the lake level would have been more than 25 feet lower than what we see today, below the level of ecological collapse. That illustrates why ongoing vigilance to protect and enforce D1631 is making a life-saving difference for Mono Lake and its tributary streams.

Much of our recent work has been about implementing D1631 fully—making sure Mono Lake’s health is monitored by independent scientists, translating the landmark Stream Restoration Agreement into the text of a new water license for DWP, and making progress on the design for the Grant Lake Reservoir

Outlet. Things this big take time, persistence, lawyers, meetings, experts, and patience. And for the Mono Lake Committee, they also involve doing things like continuing to support the 31-year California Gull research project, running the Mono Basin Outdoor Education Center where underserved youth from Los Angeles to explore their watershed, collaborating on the Caltrans Rockfall Safety Project along Mono Lake, and so much more.

As members of the Mono Lake Committee, this is the work that you make possible. We are proud of what we’ve accomplished, together, this year, and we hope you are too!

Geoffrey McQuilkin

Sally Gaines

## MONO LAKE COMMITTEE

**2015 Staff**  
Geoffrey McQuilkin, Executive Director  
Lisa Cutting, Eastern Sierra Policy Director  
Bartshé Miller, Education Director  
Arya Degenhardt, Communications Director  
Jessica Horn, Office Director  
Ellen King, Membership Coordinator  
Greg Reis, Information & Restoration Specialist  
Betsy Reifsnyder, Sacramento Policy Associate  
Santiago M. Escrurera, Outdoor Experiences Manager  
Herley Jim Bowling, Los Angeles Education Coordinator  
Elin Ljung, Communications Coordinator  
Lily Pastel, Information Center & Bookstore Manager  
Donnette Huselton, Bookkeeper  
Terry McLaughlin, Membership Assistant  
Robbie Di Paolo, Andrew Youssef, Project Specialists  
Grace Aleman, Gabrielle Renteria,  
Information Center & Bookstore Assistants  
Melissa Boyd, Edith Harris, Outdoor Education Instructors  
Gary Nelson, Canoe Tour Supervisor  
Lily Pastel, Canoe Coordinator  
Erv Nichols, Sandra Noll, Birding Interns  
Sarah Angulo, Sara Matthews,  
Matt Rice, Tina Weedman, Andrew Youssef, Mono Lake Interns

**Board of Directors**  
Sally Gaines, Chair, Mammoth Lakes  
Tom Soto, Secretary, Santa Monica  
David Kanner, Redwood City  
Martha Davis, Riverside  
Vireo Gaines Schiller, Ridgecrest  
Richard Lehman, Fresno  
Gina Radieve, Sacramento  
Sherry Taylor, Mammoth Lakes  
Doug Virtue, San Pedro  
Kristine Zeigler, Walnut Creek  
Brent Coeur-Barron, Corporate Counsel, Newport Beach

**Directors Emeriti**  
Helen Green, Berkeley  
Ed Grosswiler, Portland, Oregon  
Genny Smith, Cupertino

# MISSION

*The Mono Lake Committee is a non-profit citizens' group dedicated to protecting and restoring the Mono Basin ecosystem, educating the public about Mono Lake and the impacts on the environment of excessive water use, and promoting cooperative solutions that protect Mono Lake and meet real water needs without transferring environmental problems to other areas.*

## For 37 years, the Mono Lake Committee has been inspired by a love for this beautiful place,

where a remarkable salt lake lies at the center of a landscape and ecosystem unmatched elsewhere on earth. Our vision since 1978, shared with 16,000 members, is of a healthy, protected, and wild Mono Basin and of an organization that seeks positive, principled, proactive solutions to problems.

We are an optimistic community of people striving for thoughtful solutions to problems—an approach that has been consistently successful for Mono Lake. With a base in science, we seek out principled solutions to watershed-wide problems and advocate for them strongly.

The Committee's landmark success—saving Mono Lake from destruction due to the excessive diversion of water to Los Angeles—is internationally known. We revitalized California's Public Trust doctrine through a precedent-setting state Supreme Court decision, launched programs to meet Los Angeles' real water

needs through water conservation and reclamation, and achieved an extraordinary revision of water rights in the Mono Basin that assures Mono Lake will thrive and its tributary streams prosper.

Along the way hundreds of thousands of citizens united in support of Mono Lake, and we realized that protecting this place requires us to do even more. Today the Committee tackles new political challenges, advances the restoration of the lake and its streams, shares this special place through unique education programs, and broadens Mono Lake knowledge through scientific research. As always, we provide constant vigilance to protect our hard-won victories.

The pages that follow illuminate our programs, their achievements, the challenges ahead, and the dedicated team of staff, volunteers, and members who are working on behalf of this most remarkable place.

# PROTECTION

## Protecting Mono Lake, its streams, and the surrounding land requires nimble advocacy.

thoughtful planning, and continuing vigilance. Mono Lake needs ongoing citizen involvement to assure that protections remain in place and strong.

Our long history of engagement with Mono Lake water issues provides the critical expertise needed to ensure that promised protections are put into place. The landmark success of the 2013 Mono Basin Stream Restoration Agreement guarantees a healthy future for 19 miles of Mono Lake's tributary streams and certainty about the restoration of their fisheries, streamside forests, birds, and wildlife. We are now leading the process of turning the Agreement into a new water license that will be issued to the Los Angeles Department of Water & Power (DWP) by the California State Water Board.

A key element of the Stream Restoration Agreement is DWP's commitment to invest an estimated \$15 million to modernize antiquated aqueduct infrastructure at Grant Lake Reservoir Dam by building a new Grant Outlet structure. The new outlet will physically and symbolically show that the Los Angeles Aqueduct can achieve two purposes: deliver water to the people of LA and protect and restore Mono Lake and the Mono Basin streams providing that water.

*Greg Reis (third from left) investigating LA Aqueduct infrastructure on Lee Vining Creek.*

*Geoff McQuilkin and Lisa Cutting visit the Walker Creek diversion structure with US Forest Service staff.*

*Committee staff on a tour of the West Basin Municipal Water District water recycling plant in El Segundo.*

*Geoff McQuilkin explains where the "hole in the dam" at Grant Lake Reservoir will go.*

# PROTECTION

Negit and Paoha islands and the west shore of Mono Lake under a fresh dusting of snow.

Students from Casa Esperanza clean up the beach at Silver Lake, part of the Rush Creek drainage.

The Mono Lake Committee Information Center & Bookstore is open year-round in Lee Vining.

A sign of the drought: the lake level gauge at Old Marina.

# RESTORATION

## Restoration works to heal damage caused by fifty years of excessive water diversions

to Los Angeles. The goal in the Mono Basin is to rejuvenate the dynamic ecological processes of Mono Lake and its tributary streams to reestablish natural conditions that will thrive into the future.

The Committee plays a critical role in transforming restoration actions required by the State Water Board into on-the-ground progress. When enacted, the 2013 Mono Basin Stream Restoration Agreement will better implement flow regimes that mimic natural runoff patterns and activate natural processes to restore the streams. In the meantime we continue an extensive monitoring program to track and inform the restoration process.

Mill Creek, Mono Lake's third-largest tributary, is not diverted into the Los Angeles Aqueduct, but suffers from antiquated infrastructure that limits full water flows. In 2015 volunteers worked 129 hours to remove more than 737 pounds of invasive white sweet clover from the creek's banks, which will allow native tree seedlings to grow successfully once Mill Creek gets its fair share of water returned.

*Several generations of volunteers removing invasive plants to help jump-start restoration.*

*Aqueduct infrastructure along Walker Creek, one of the tributaries to Mono Lake.*

*Volunteers lending a hand by pulling invasive plants along the banks of Mill Creek.*

*Lisa Cutting visits the Rush Creek bottomlands to monitor habitat restoration progress.*

# RESTORATION

*Lee Vining Creek showing signs of effective restoration.*

*LA Aqueduct infrastructure on Walker Creek.*

*A restoration field day with volunteers from the Patagonia clothing company in Reno.*

*Pulling invasive sweet clover as it emerges in spring.*

# EDUCATION

## To share the sense of wonder and understanding that Mono Lake evokes,

the Committee's education program offers an array of popular experiential opportunities, and continues to provide education programs for tens of thousands of people.

Canoe tours and South Tufa walks introduced over 2,000 people to Mono Lake. Fifty-one Field Seminar program days immersed people in topics from basketry to bighorn sheep. The 13th annual Mono Basin Bird Chautauqua sold out with 276 participants. The environmental education program served 32 groups and 821 students. And the Mono Lake Volunteer Program placed 61 volunteers in the field for daily visitor interaction throughout the summer.

At the Information Center & Bookstore we helped more than 70,000 people enjoy their Mono Basin visits. Nearly half a million individuals accessed [monolake.org](http://monolake.org), and the *Mono Lake Newsletter* reached 16,000 members and the visiting public.

Outdoor Education Center programs for Los Angeles youth connected 304 students and 32 leaders in 24 groups with the source of their water at Mono Lake for a total of 1,520 student education days in the form of week-long visits.

Global Lab students taking the plunge in Mono Lake.

A group from Homeboy Industries on a canoe tour as part of their trip to the Outdoor Education Center.

Committee staff lead free tours for the public at South Tufa every day during the summer months.

Greg Reis and the LA Aqueduct Tour field seminar participants take a break.

# EDUCATION

An Outdoor Education Center group from Homeboy Industries on a day hike in the Sierra.

Chautauqua presenter Nora Livingston on a field trip to see the birds at DeChambeau Ranch.

East Yard Communities for Environmental Justice at the Mono Basin Outdoor Education Center.

Lisa Cutting gives an impromptu talk at Committee headquarters.

# SCIENTIFIC RESEARCH

## Science provides a critical base for our policy positions, a guide for restoration

and inspiration for understanding Mono Lake. Since 1976, scientific research has provided ecosystem and landscape knowledge that is the foundation of Mono Lake's protection.

For decades the Committee has worked closely with researchers, hosted both a research library and online clearinghouse of Mono Basin scientific information at [monobasinresearch.org](http://monobasinresearch.org), and supported well-established projects like the California Gull research and Eared Grebe survey. The Committee created the Mono Basin Field Station to provide research support facilities with the goals of enhancing the scientific knowledge of the Mono Basin, fostering collaboration and information exchange, and infusing our education programs with opportunities to engage scientists and participate in scientific work.

Since its opening, the Field Station has supported 108 researchers working on 69 projects. Topics of study have ranged from neotropical migratory birds, Greater Sage-grouse, swallows, and Willow Flycatchers to geology, paleoclimatology, geomicrobiology, and climate science.

Mono Lake Committee and Los Angeles Department of Water & Power staff reading the lake level gauge together on April 1.

# ECOLOGICAL FOOTPRINT

## We evaluate our impact in the course of protecting Mono Lake

Each year we track and assess our water and power consumption in the office. As a member-supported organization, we make sure that efforts to reduce our environmental impact are also reasonable expenditures of member donations.

The Committee's water comes from the local single-watershed system that serves the town of Lee Vining. In 2012 we installed the first water meter in town to monitor our use and to be a regional example. We also connected the public restroom sink with our landscaping via a greywater system. Thousands of visitors to the store now help water the plants every time they use the sink, and we no longer need an irrigation system.

In October 2012 we installed 33 solar panels on our main office building, which completed our transition to solar power that began in 2010 with eight panels on the ice house office building. Between getting solar panels and a concerted effort to upgrade light fixtures and appliances over time, the combined result is a 91% decrease in our electrical usage since 2006!

WATER USAGE	2014	2013	2012 (May-Dec)
Gallons of water used in the Bookstore & office	46,720	58,580	45,000

ELECTRICITY USAGE	2014	2013	2012	2011	2010	2009	2008	2007	2006
Bookstore & back office	4,841	6,832	23,303	24,692	22,590	21,594	21,854	25,627	29,649
Icehouse office	(1,615)	(1,641)	(1,599)	(1,212)	2,157	3,276	3,276	4,232	4,603
Total kilowatt hours	3,226	5,191	21,704	23,599	24,747	25,130	28,859	29,998	29,998

# MEMBERSHIP

## Members make the Committee successful year after year.

From every corner of California, to every state in the country, to many countries around the world, people who care about Mono Lake have united to form the Mono Lake Committee.

We began 36 years ago with the names of a few concerned individuals stored on index cards in a recipe box. Today 16,000 members make the Committee a place-based advocacy organization of tremendous strength.

The Mono Lake website ([monolake.org](http://monolake.org)) continues to be a popular way to easily stay in touch. Be sure to check out the photos and features—including webcams, our blog “The Mono-logue,” an easy online donation system, and the ability to manage your membership details online.

Still, the Committee maintains a personal relationship with each member: your mail comes to us in Lee Vining, if you call we'll answer the phone, and if you visit we are more than happy to share the latest news and bird sightings. We hope to see you here at Mono Lake soon!

*The Mono Lake Volunteers.*

## Bequests

Many members help ensure that Mono Lake will remain protected for generations to come by including the Mono Lake Committee in their wills and estate plans. James & Barbara Ward are an example of a couple who left an extremely generous bequest to the Mono Lake Committee in 2014 to further the Committee's work to protect and restore Mono Lake.

Bequest gifts can be directed to particular programs, and they are a meaningful way to create a lasting legacy for Mono Lake. The process of making a bequest is less complicated than it might seem, and we're happy to provide additional information.

## Monthly Giving

The Guardians of the Lake program offers members a convenient way to make regular monthly gifts to the Mono Lake Committee. This is an easy way to help the lake, and it includes special benefits!

Guardians make a monthly pledge by bank transfer, credit card, or check. In exchange, Guardians receive a special monthly letter from Committee co-founder Sally Gaines, with news on the lake, the Committee, and local happenings. Guardians also receive fewer mailings, a special lapel pin, and recognition in the annual report. To sign up, contact Ellen King ([ellen@monolake.org](mailto:ellen@monolake.org)).
